

ST COLUMBA'S BUILDING NEWS

JUBILEE
CHURCH
COVENTRY

January 2024

Happy New Year!

Did you make it to one of our Christmas services at St Columba's? It was a privilege and a pleasure for us to be able to open up the building over the Christmas period, to welcome in our neighbours as well as the friends and families of our members.

The highlight (for me, at least!) was the candle-lit Christmas Eve Service; very traditional in content, with carols and Bible readings, and lots of new faces.

We're very happy to report that since the last edition, work has begun on installing the heating systems for both the Main Hall (phase 2) and Hall 2 & Kitchen (phase 3). All things being well, these systems should both be running in the next month.

In the main hall, six fan-assisted radiators and associated copper pipe-work, along with a new boiler, are in the process of being installed.

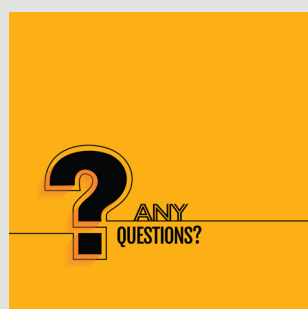

In Hall 2, the six new radiators are on the walls and the pipework is in the process of being installed. The kitchen radiator will be next.

The eagle-eyed amongst you will have noticed that just before Christmas our new permanent signs were erected at both the front and the rear of the building. We're really pleased with these new additions - big thanks go to Wendy from local family-run company Illingworth Signs for a fabulous job.

We're now working on a simple solution for displaying temporary signage to advertise upcoming events, which doesn't involve complicated things with banners and cable ties!

Is there anything that you would like to know about St Columba's or the renovation project, that we can put in our next edition?

Let us know by emailing Faith Miller in the church office on: office@jubileechurchcoventry.org

Our communications plan is to publish updates on a monthly basis via Jubilee News. The next edition will be during the last week of February.

If you would like to be more involved in any aspect of our refurbishment of St Columba's, please get in touch with Faith Miller in the church office on office@jubileechurchcoventry.org
